## V1, PC, C, V2, PC, C, B×2, C

**Verse 1**
```
                      C#m  E/G#
Why would I ever have to worry
A               F#m   C#m   E/G#      A
  You never never let me down, down, down
              F#m       C#m E/G#
I hear You calling me to win
A          F#m            C#m E/G#  A     F#m
  And I'm empowered by the sound, sound, sound
```

**Pre-Chorus**
```
A2            F#m11
When armies surround me
G#m         C#
  I may look like nothing at all
A             F#m
  But if You are for me
              G#m
Who can stand against me
                C#sus  C#
You're making my giants look small
```

**Chorus**
```
       C#m   E/G#       A
That's why we     shout
F#m            C#m E/G#   A
  We know without a   doubt
              F#m
We have the victory
C#m     E/G#     A
With You    now
F#m             C#m   E/G#          A
  We're watching walls come     down
              F#m
We have the victory
```

**Verse 2**
```
                      C#m  E/G#
Why would I ever have to worry
A          F#m          C#           E/G#   A
  When I am safe within Your hands, hands, hands
          F#m       C#m E/G#
So I'm not giving into fear
A          F#m          C#m E/G#  A          F#m
  With You the enemy won't stand a   chance (no chance)
```

      F#m11                    B7
The fight doesn't lead me to fear
                        Emaj7
When You hold me near
                        A6
There's nothing that I can't face
      D#dim7
The freedom You give me
   G#7(#9,#5)            C#m9
Is reason enough to believe

You will overcome
