## Verse

We're ready  
We're open  
We're longing Lord for You  
We're desperate  
Desperately waiting  
Won't You come and make us new

We're thirsty for Your rain  
We know the latter shall be greater  
You will revive us again

## Pre-Chorus

Blow like the wind  
Fill us again  
Ignite the fire in us  
Break down our walls  
Consume us all  
Make these dry bones live again

## Chorus

Your church is ready for revival

We're thirsty for Your rain  
We know the latter shall be greater  
You will revive us again
