Intro

to bring me down onto my knees
In You my life is made significant

Verse 1

When I was on my way
On this unwritten journey
Looking far ahead
When I couldn't see
The appointment before me
You called me by my name

Ending

Pre-Chorus

You captured my attention
With Your perfect love's redemption
So I'll stay
You interrupted everything
to bring me down onto my knees

Chorus

So I'll stay Here
Caught up in Your presence
I will wait here
Breathing in Your promises
This moment with You face to face
Nothing else is more significant
So I'll stay

Verse 2

When I heard Your voice
It was louder than ever
Now it's clear to me
That When I'm close to You
Nothing else is important
You're my priority

Pre-Chorus

Chorus

Bridge x5

No eye has seen
No ear has heard
No human mind conceived
The future You've prepared for me

Behind the scenes
I'll take up my cross
I'll give You my dreams
Oh I'm Surrendering
Because You've given everything

For all of me

Instrumental and Tag x2

Outro x2

Bridge 2

You captured my attention
With Your perfect love's redemption
In You my life is made significant
You interrupted everything
