[FWA]

Intro, V1, V2, C, V3, C, Rf, B×3, Inter, C, Rf, E

## Intro

### Verse 1

Help me to pause in Your Presence  
And not get caught up in the motions  
No more busyness, I know what's important  
Sitting at your feet

### Verse 2

How could I ever have doubted  
The thing I need most, now I found it  
Here with you, I'm no longer distracted  
As I hear you speak

### Chorus

Still, still  
There's no need to move  
Jesus, you're here, here  
There's nothing more to do  
You're the good portion, nothing's better  
Jesus, you're more than enough  
As long as you're still here,  
Jesus, I choose you

## Turnaround

### Verse 3

No longer stuck in the cycle  
of making my worries an idol  
Why would I think of them  
when your word is final  
My heart is at peace  
As I hear you speak

### Chorus

### Refrain

I choose You  
Jesus, I choose You  
I choose You  
Jesus, I choose You

### Bridge (3x)

My treasure, there's no substitute  
You are my everything, everything  
Your presence is what I choose  
I won't be taken away, taken away
